"The Cincinnati Squash Academy is one of the best things that has ever happened to me. Because of it, I've traveled to places I never thought I would (including trips to Yale University, New York City, and the Kent School), talked to squash stars, played in squash tournaments, and made many friends. CSA means so much to me. Thank you!"

September 14, 2021

The pandemic might still be here, but so are we. And while it certainly wasn't an ideal year, we made the most of it by maintaining and adding high-level services to meet the needs of our students and families. This included daily virtual academic and fitness sessions, limited in-person squash activities, and, ultimately, a return to full in-person programming with our summer camp in June. It was not easy on the kids. But they have shown tremendous resilience in the face of these challenging times.

Of course, none of this would be possible without a strong community of support. Thank you to the volunteers, community partners, foundation trustees, board members, staff, and donors who believe in our mission. This was a record-breaking year for fundraising. We hired a grant consulting firm, which helped us bring in \$147,500 from local foundations. Additionally, the annual CSA Cup crushed it, raising close to \$300k. The event combines virtual fundraising over the course of four weeks with a one-day pickleball tournament. We had 32 pickleball doubles teams compete at the Cincinnati Sports Club.

As we look forward to this year, we have two main objectives in mind:

- 1) Help our first class of high school seniors transition to post-secondary programs;
- 2) Build out a model for Community Squash by integrating with the T Squash Academy in Fairfax.

It's a lot to tackle, but it's nothing compared to what some of the CSA students face on a daily basis. It's go-time!

Stay strong,

Leah Zipperstein
Executive Director
